

Journey and Achievement of EMCAST STTC Teachers' CPD in 2023

EMCAST STTC CPD Coordinator
Chun Sokchea

ABOVE+
BEYOND

Cambodian education should be transformed to prepare for the future in 21st century

CAMBODIA SECONDARY EDUCATION BLUEPRINT 2030

Are Cambodian teachers willing to change themselves?

We, EMCAST CPD team, have had the belief that there could be the committed and passionate teachers.

They want to improve themselves for better education for their students and for the nation.

We were not sure about our belief and started it small.

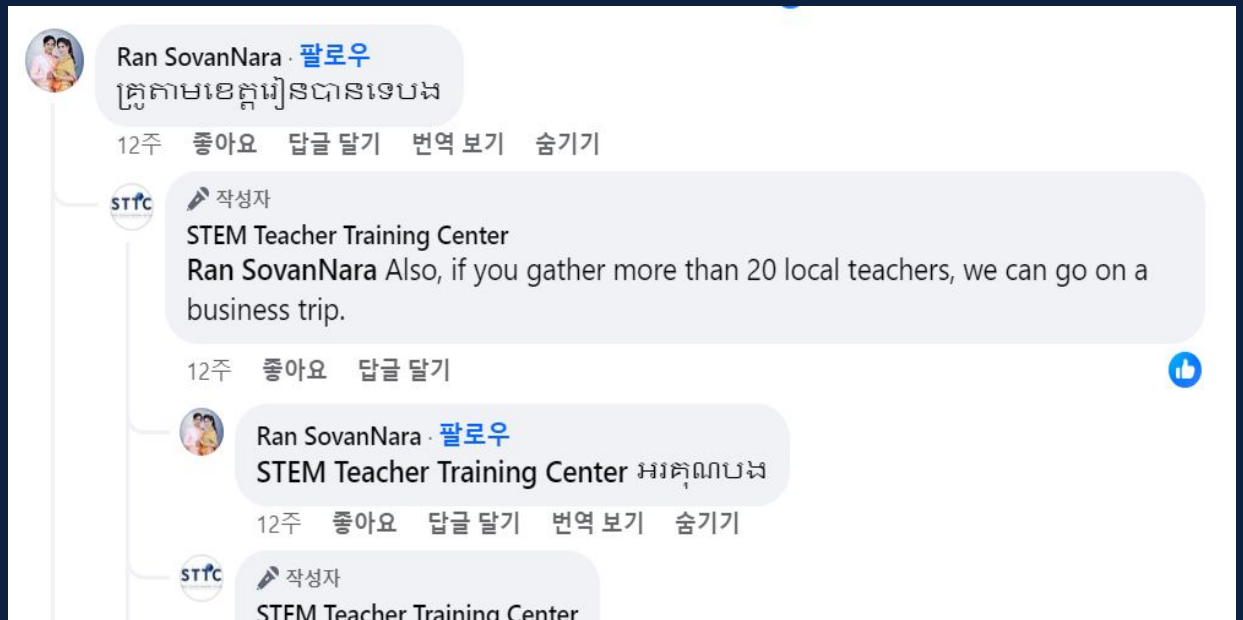

**With the fixed number of teachers
selected by their principals
only in 6 provinces**

April-May 2023

EMCAST CPD Facebook Post

Expanded to
500 Teachers
in **22** Provinces

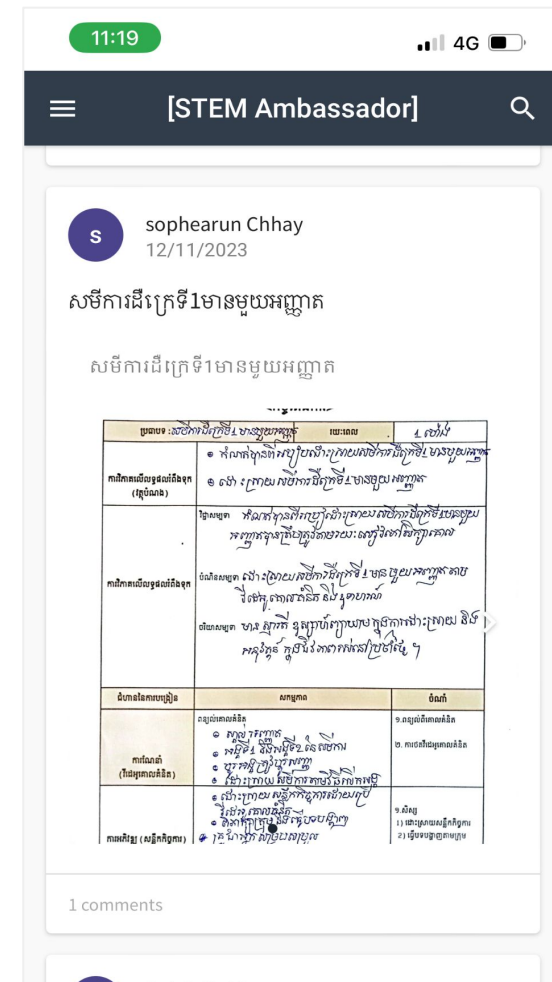

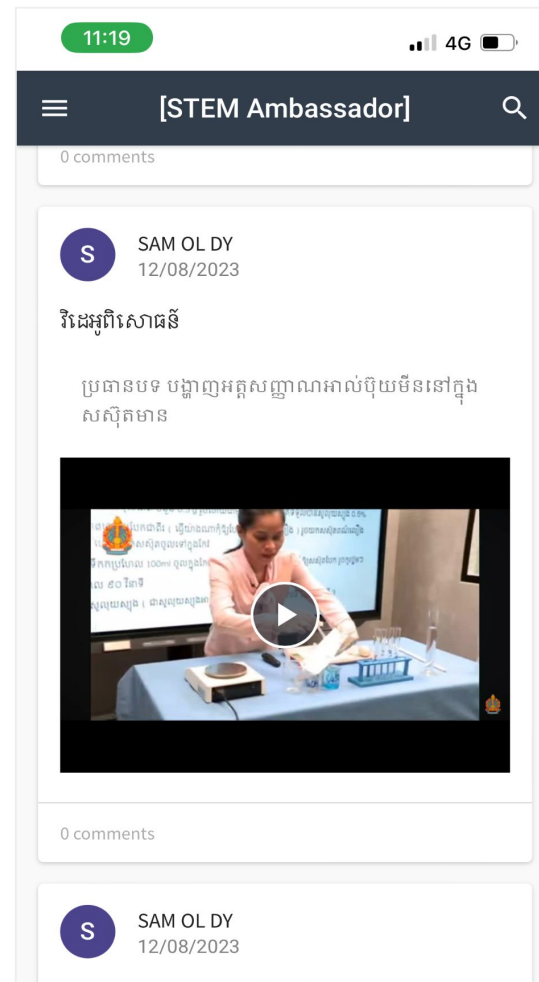

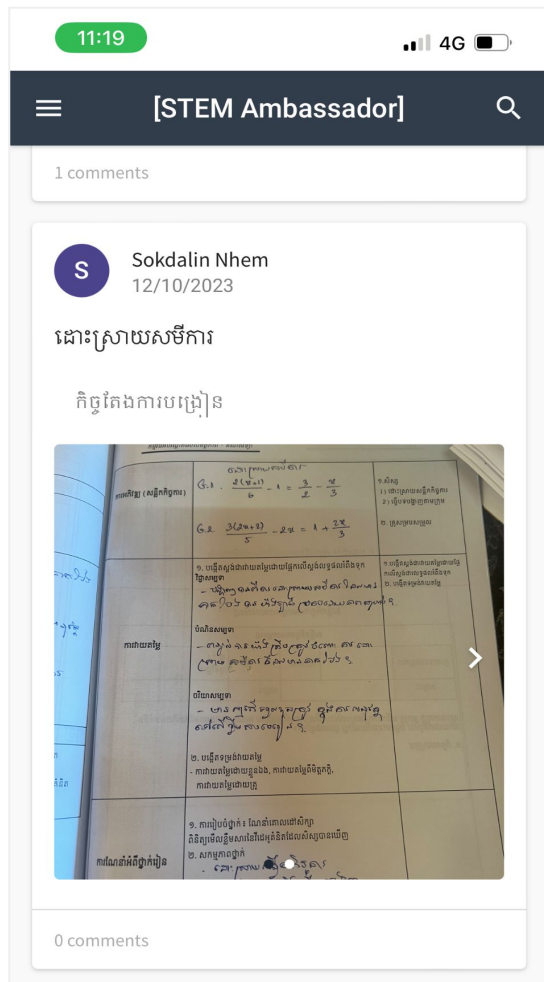

December 2023

200 STEM Ambassador Teachers certified by MOEYS and EMCAST

1st STEM Ambassador Teachers certified in July 2023

STEM Ambassador Teachers have been sharing their CBL lesson plans and contents in the STTC app

Self-Motivation Voluntarily Joining

“

I always did the hard work in preparing and teaching. But before joining the EMCAST STTC CPD, students' performance was low.

This made them to be frustrated.

But knowing the achievement standards and the method of mastery learning in the EMCAST CPD has changed my students' learning attitudes and performance.

This is my energy for keeping my effort.

Teacher : Virak Rottanak

Teacher communities
start in schools by teachers

A teacher community plays a critical role
in bringing about positive change in schools and education

STTC has been supporting teachers' efforts of building **teacher community** within the school and the region

Teacher social party in June 2023

Benefits of Teachers' Social Party

(EMCAST STTC CPD Stage 3)

- Have a chance to know teachers from different provinces
- Share experiences of implementing student-centered education
- Shared new contents and method of teaching
- Discuss challenges and make the solutions in discussion
- Make network
- Teachers voluntarily present their good cases that changing a teaching method leads to the transformation of students.
